Envision Napier and Sudekum

In July 2016, Nashville was one of the 10 cities awarded a Choice Neighborhoods Planning Grant by U.S. Department of Housing and Urban Development (HUD). MDHA serves as the lead grantee, with Martha O'Bryan Center as the co-grantee.

The \$500,000 grant award will fund a comprehensive revitalization plan for the Napier Place, Sudekum Apartments and the surrounding area, with a focus on people, housing, neighborhoods and education. To achieve these core goals, the residents and stakeholders must develop a Transformational Plan. This plan will become the guiding document to revitalize Napier Place and Sudekum Apartments while simultaneously directing the transformation of the surrounding area and positive outcomes for families.

Architect and Engineering Firm for Envision Napier and Sudekum Selected

Moody Nolan serves as our lead architect and engineering firm for the Envision Napier and Sudekum planning process. Founded more than 30 years ago, Moody Nolan has worked on a variety of projects with libraries, universities, housing authorities and hospitals throughout the country. Moody Nolan maintains a commitment towards ensuring a space performs, inspires and above all, endures.

Martha O'Bryan Provides Updates to the Resident Survey

The Martha O'Bryan Center will be facilitating the comprehensive needs assessment/resident survey. Below is a timeline of what to expect in the coming weeks regarding the survey process:

Resident Surveying throughout both Napier and Sudekum: May 1 - 6, 2017

Surveying throughout the greater community/target area: May 7 - 13, 2017

Surveying at the South Nashville Street Fest "Coming Together Day" (final chance): May 13, 2017

Survey Analysis (completed by Vanderbilt): May 15 - June 1, 2017

Survey results report presentation: June 15, 2017

Survey Proctors can be identified by wearing a Choice Neighborhoods Lime Green T-Shirt. Also, be on the lookout for yard signs indicating the areas in which Survey Proctors are located. Please be advised that these signs are property of MDHA, so do not remove them.
