Two Bags Per Household

Envision Napier and Sudekum

Funded by a \$500,000 Choice Neighborhoods HUD Planning Grant, Envision Napier and Sudekum will create a comprehensive neighborhood revitalization plan for Napier Place, Sudekum Apartments and the surrounding area. With a commitment to enhance the cultural and economic diversity of South Nashville, this revitalization plan will provide a vehicle to replace all 821 current subsidized units, create additional workforce and market rate units and explore commercial development to ensure a holistic, financially sustainable community.

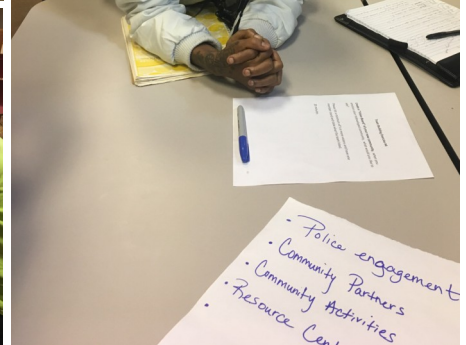

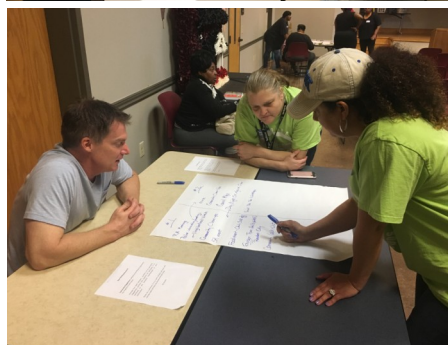

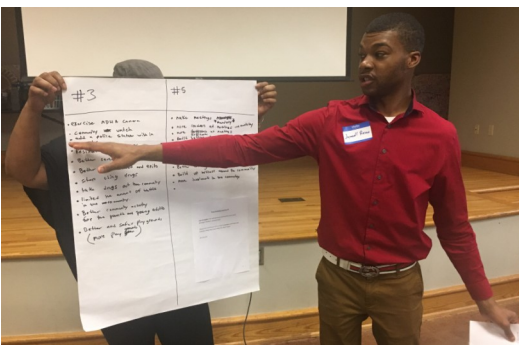

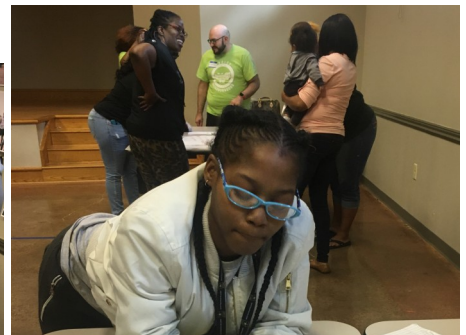

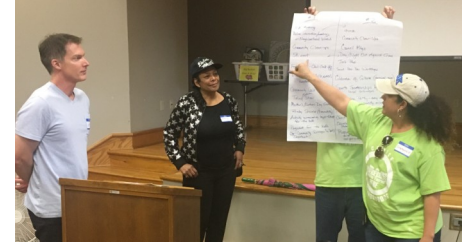

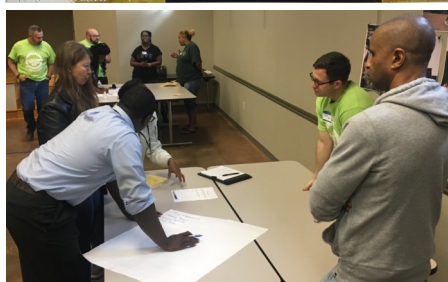

Envision Napier and Sudekum Academy Training #1 Highlights:

As MDHA moves towards creating mixed-income communities, we want to make sure you are prepared and informed.

On Feb. 24, Jocquelyn Marshall (pictured here) came and spoke to residents of Napier Place and Sudekum Apartments about the transition to mixed-income.

Marshall, a former resident and resident association president of C.J. Peete Public Housing in New Orleans, shared her experience moving from tragedy to triumph, following hurricane Katrina.

The three hour event also included a question and answer session and a team building exercise.
