People Update – initial drafted goals

- 1.0. Establish community coalition to provide outreach and awareness towards currently established supportive services
- 2.0. Establish a Community Safety Plan
- 3.0. Expand and enhance current job training and placement programming
- 4.0. Establish community partnerships to provide career counseling services throughout the neighborhood
- 5.0. Establish public/private partnership for a Health Living Campaign to address well-being, nutrition and recreation.
- 6.0. Seek development opportunities for additional healthcare providers within the neighborhood, with emphasis on vision, dental, general care and pharmacy services.

Education Update – initial drafted goals

- 1.0. Increase access to year-round early education services
- 2.0. Increase parental and community engagement and advocacy
- 3.0. Expand after school and summer programming for all ages
- 4.0. Expand and enhance opportunities for technology and STEM programming
- 5.0. Establish a pathway to success for education, job readiness, and personal development from high school activities through senior citizen programming
