METROPOLITAN DEVELOPMENT AND HOUSING AGENCY

INTRODUCTION

The Metropolitan Housing and Development Agency ("MDHA" or the "Agency") is pleased to present its Annual Financial Report and Other Financial Information for the year ended September 30, 2019.

Responsibility and Controls

MDHA has prepared and is responsible for the financial statements and related information included in this report. A system of internal accounting control is maintained to provide reasonable assurance that assets are safeguarded and that the books and records reflect only authorized transactions. Limitations exist in any system of internal control. However, based on recognition that the cost of the system should not exceed its benefits, management believes its system of internal accounting control maintains an appropriate cost/benefit relationship.

MDHA's system of internal accounting control is evaluated on an ongoing basis by internal financial staff. MCM CPAs & Advisors LLP, external auditors, also consider certain elements of the internal control system in order to determine auditing procedures for the purpose of expressing an opinion on the financial statements.

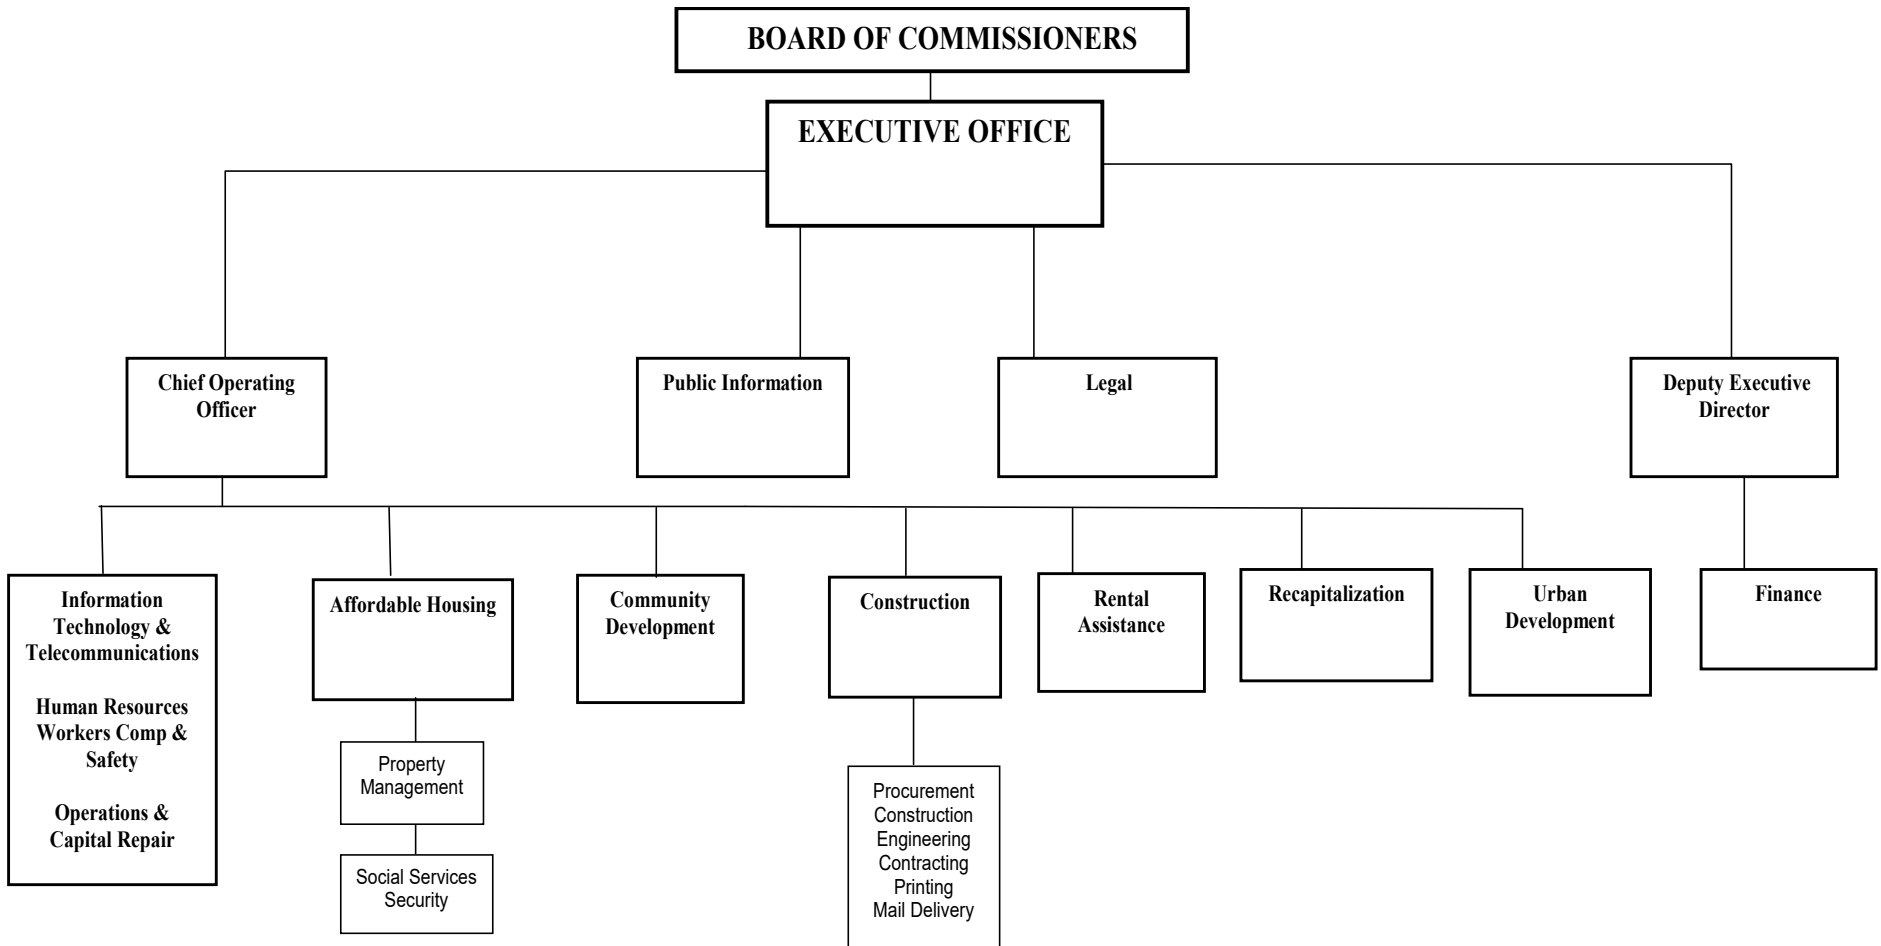

Management believes that its policies and procedures provide guidance and reasonable assurance that MDHA's operations are conducted according to management's intentions and to a high standard of business ethics. In management's opinion, the financial statements present fairly, in all material respects, the financial position of MDHA as of September 30, 2019, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Audit Assurance

The unmodified opinion of the independent external auditors, MCM CPAs & Advisors LLP, on the September 30, 2019, financial statements is included in this report.

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, and the aggregate discretely presented component units of Metropolitan Development and Housing Agency (the "Agency"), a component unit of Metropolitan Government of Nashville and Davidson County, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the following discretely presented component units:

- Preston Taylor Homes, LLC
- Levy Place LP
- Ryman Lofts at Rolling Mill Hill, L.P

Collectively, these entities represent 41% of the assets, 48% of the net position, and 71% of the operating revenue of the discretely presented component units. Those statements, which were prepared in accordance with the Accounting Standards Codification as issued by the Financial Accounting Standards Board, were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based solely on the reports of the other auditors. No adjustments were necessary to convert the financial statements of the discretely presented component units to the financial reporting framework used by the Agency. The financial statements of the discretely presented component units were not audited in accordance with Government Auditing Standards. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Independent Auditor's Report (Continued)

Auditor's Responsibility (Continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors of the discretely presented component units, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, and the aggregate discretely presented component units of the Agency, as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 7 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements. In addition, the accompanying schedule of actual costs for the specified project from inception of the project through completion and the financial data schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Independent Auditor's Report (Continued)

Other Matters (Continued)

Other Information (Continued)

The Schedule of Expenditures of Federal Awards and the schedule of actual costs for the specified project from inception of the project through completion and the financial data schedule are the responsibility of management and were derived from and relate directly to underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 5, 2020, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Metropolitan Development and Housing Agency's ("MDHA" or the "Agency") annual financial report presents management's discussion and analysis of the Agency's financial performance during the fiscal years ended September 30, 2019 and 2018. Please read this analysis in conjunction with the Agency's financial statements and accompanying notes.

FINANCIAL HIGHLIGHTS

Fiscal year 2019:

The Agency's total net position increased \$3 million or .82%, in part as a result of the following:

- Operating Revenues increased \$6.4 million (+4.73%)
- Operating Expenses increased \$3.6 million (+3.00%)
- Net Operating Income increased \$2.8 million (+19.14%)

OVERVIEW OF THE FINANCIAL STATEMENTS

The annual financial report consists of two parts: management's discussion and analysis and the basic financial statements. The Agency follows enterprise fund reporting; accordingly, the financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Enterprise fund statements offer short-term and long-term financial information about the activities and operations of the Agency. While detailed sub-fund information is not presented, separate accounts are maintained for each program of the Agency.

The financial statements include a statement of net position, statement of revenues, expenses and changes in net position, statement of cash flows and notes to the financial statements. The statement of net position provides a record or snapshot of the assets and liabilities at the close of the fiscal year. It presents the financial position of the Agency on a full accrual historical cost basis. The statement of revenues, expenses and changes in net position presents the results of the business activities over the course of the fiscal year. The statement of cash flows is related to the other financial statements by the way it links changes in assets and liabilities to the effects on cash and cash equivalents over the course of the fiscal year. The notes to the financial statements provide useful information regarding the Agency's significant accounting policies, significant account balances and activities, certain material risks, obligations, commitments, contingencies and subsequent events.

Noncurrent assets increased due to new notes receivable from partnerships entered into during the year. MDHA contributed \$9.5 million in the form of a notes receivable to the CP II, L.P and \$16.1 million in the form of notes receivable to the Boscobel III, L.P. In December 2018, the remaining Pinnacle funds for the Boscobel I, L.P. project recorded as notes receivable from the partnership and notes payable to Pinnacle were escrowed totaling \$10 million. On January 1, 2019, the Investor Member and Special Member of the Preston Taylor LLC sold their interests in the Company to MDHA, for \$250,000. The Preston Taylor directors and shareholders terminated all leases, transferred the assets of the Company to MDHA as satisfaction of all indebtedness of \$21 million, and approved the dissolution of the Preston Taylor Corporation and the Preston Taylor, LLC.

LIHTC project, and \$3.8 million loan proceeds for the Harper Cove Flats project.

METROPOLITAN DEVELOPMENT AND HOUSING AGENCY

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - NATURE OF THE AGENCY

The Metropolitan Development and Housing Agency of Nashville, Tennessee ("MDHA" or the "Agency"), a public corporate body, was organized in 1938 under the laws of the State of Tennessee and is a discretely presented component unit of the Metropolitan Government of Nashville and Davidson County (the "Metropolitan Government"). The Agency was created for the purpose of providing affordable housing opportunities in a safe environment. MDHA has administrative responsibility for various other community development programs whose primary purpose is the development of viable urban communities.

The governing body of the Agency is its Board of Commissioners, composed of seven members appointed by the Mayor and confirmed by the Metropolitan Council of Nashville and Davidson County, Tennessee.

See additional information in NOTE 2 for reporting entity regarding both the primary government and discretely presented component units.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Measurement Focus, Basis of Accounting and Basis of Presentation

The financial statements are presented using the accrual basis of accounting with an economic resources measurement focus. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. As permitted by accounting principles generally accepted in the United States of America (GAAP), the Agency has elected to apply all relevant Government Accounting Standards Board (GASB) pronouncements.

The Agency distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from grant agreements, providing services, and producing and delivering goods in connection with the ongoing principal operations. The principal operating revenues of the Agency include program specific grants, rental income from tenants of the various single and multi-family housing projects and development fees for the administration of various community development programs and capital projects of the Metropolitan Government. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Reporting Entity

As described in GASB Statement No. 34, paragraph 134, the Agency is considered a primary government and meets the definition of a special purpose government ("SPG"). MDHA is a legally separate entity that is engaged in only business-type activities. Business-type activities are defined as activities that are financed in whole or in part by fees charged to external parties for goods or services. SPGs engaged only in business-type activities are required to present only the financial statements required for proprietary funds, which includes Management's Discussion and Analysis ("MD&A"), basic financial statements, and Required Supplemental Information ("RSI"). All inter-program activities have been eliminated in these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reporting Entity (Continued)

The Agency has included, as discretely presented component units, the activity for Preston Taylor Homes, LLC, Ryman Lofts at Rolling Mill Hill, L.P., and Levy Place, L.P. as of and for the year ended December 31, 2018. These entities are shown as discretely presented component units because the Agency is financially accountable for them; however, it does not have full ownership over the entities. Additionally, the Agency has included the activity for Boscobel I, L.P., CP II, L.P., Boscobel III L.P., and Victory Hall, L.P. as of September 30, 2019. These entities also meet the criteria to be included as discretely presented component units; however, construction on the properties is not complete and the properties are not yet subject to a separate audit requirement. The MDHA Housing Trust Corporation, which is included in the Primary Government, has a .01% general partner interest in Preston Taylor, Ryman Lofts, Levy Place and Boscobel I, and is considered a blended component unit. Total assets and net position of MDHA Housing Trust Corporation were approximately \$505,800 at September 30, 2019. Total operating activity was approximately a net income of \$501,600 for the year ended September 30, 2019 due to a donation received to fund the Victory Hall project. The accounting for these component units are such that they have elected to apply all relevant Accounting Standard Codification (ASC) pronouncements as issued by the Financial Accounting Standards Board.

Requests for the full financial information of Preston Taylor Homes, LLC, Ryman Lofts at Rolling Mill Hill, L.P., and Levy Place, L.P. (the Discretely Presented Component Units) as of December 31, 2018 should be addressed to The Metropolitan Development and Housing Agency, 701 South Sixth Street, Nashville, Tennessee, 37206.

The financial activity of MDHA J. Henry Hale, LLC, MDHA 10th & Jefferson, LLC, and MDHA Kirkpatrick Park LLC has been included in the Primary Government column of Statement of Net Position and the Statement of Activities as blended component units in accordance with the requirements of GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*. The accounting for these component units are such that they have elected to apply all relevant Accounting Standard Codification (ASC) pronouncements as issued by the Financial Accounting Standards Board; however, no adjustments were necessary to conform to the standards promulgated by the Government Accounting Standards Board.

Proprietary Fund Types - The Funds are Consolidated into a Single Fund for Reporting Purposes

PROJECT BASED RENTAL ASSISTANCE PROGRAM

This fund is used to account for all Agency owned RAD converted properties and any mixed finance public housing properties (which are not owned by the Agency.) It is the largest and most active of the funds and is controlled through annual HAP contracts renewed by HUD.

CENTRAL OFFICE COST CENTER

This program contains all the income and expenses associated with the Agency's centralized functions (e.g. executive, finance, human resources, information technology, purchasing, central maintenance, etc.). The establishment of the program was required by HUD regulations relating to asset management.

SECTION 8 VOUCHER PROGRAM

This fund is used to account for the administration of the Agency's Section 8 voucher program. It is funded by HUD and seeks to provide prospective residents with greater choice in selection of assisted housing.

CONSOLIDATED ANNUAL ACTION PLAN PROGRAMS

This fund has been created to account for the administration of programs funded by HUD. The goals of these programs are to address the problems of affordable housing, homelessness, community development needs, and economic opportunities for all citizens, particularly for very low-income and low-income persons.

Proprietary Fund Types - The Funds are Consolidated into a Single Fund for Reporting Purposes (Continued)

LOCAL PROGRAMS

This fund accounts for the state funded programs and grants and programs administered on behalf of the local government by the Agency

BUSINESS ACTIVITIES

This fund accounts for all programs that are neither federal, state nor local that are administered by the Agency.

Cash and Cash Equivalents

The Agency's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents are stated at fair value.

Allowance for Doubtful Accounts

The Agency uses the allowance for bad debts method of valuing doubtful receivables which is based on historical experience, coupled with a review of the status of existing receivables. As of September 30, 2019, an allowance for doubtful tenant receivables in the amount of \$5,987,820 has been provided by management.

Investments

Investments consist primarily of certificates of deposit and are stated at cost, which approximates fair value given the nature of the investments.

Capital Assets

Capital assets include property, plant, equipment, and infrastructure assets with an initial, individual cost of more than \$5,000 and an estimated useful life of one year or more. Capital assets are stated at cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. The costs of U. S. Department of Housing and Urban Development ("HUD") "Capital Fund" projects are reported as construction-in-progress until audited cost certification reports are approved by HUD, at which time such costs are transferred to appropriate fixed assets categories. Depreciation is provided by the straight-line method over the following estimated useful lives of the assets:

Building and improvements	10 to 40 years
Infrastructure	10 to 40 years
Furniture and Equipment	3 to 15 years

Additionally, the Agency holds certain capital assets under agreements with the Metropolitan Government. Under the agreements, the proceeds from the sale of such assets revert to the Metropolitan Government. As of September 30, 2019, the value of these assets totaled \$21,500,000. The assets are recorded in capital assets at fair value at the date of transfer.

Inventory

MDHA's inventory consists of vacant properties that have been purchased or received as contributions from the Metropolitan Government. Inventory also includes single-family homes that were constructed with federal or state funds and are available for sale to qualified agencies or individuals. Properties purchased or constructed are reported at historical cost. Properties contributed by the Metropolitan Government are recorded at fair value at the date of gift. These costs are reported as inventory until such time as the property is sold or used.

METROPOLITAN DEVELOPMENT AND HOUSING AGENCY

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Provision for Uncollectible Notes

A note receivable is considered impaired when, based on current information, it is probable that all amounts of principal and interest due will not be collected according to the terms of the note agreement. Uncollectible notes are charged to the allowance account in the period such determination is made. The provision for uncollectible notes receivable was \$15,341,099 at September 30, 2019.

Compensated Absences

Employees earn annual leave at a rate ranging from 12 days per year for the first five years of service, up to a maximum of 25½ days per year after 20 years. There is no requirement that annual leave be taken; however, the maximum permissible accumulation is 76½ days. Sick leave is accumulated at the rate of one work day per month. Unused sick leave may accumulate to an unlimited amount. At termination, employees are paid for any accumulated annual leave, and employees who have completed 15 years or more of service will be paid 20% of unused sick leave. All annual leave and vested sick leave are accrued in the period incurred.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Restricted Assets

Restricted assets consist of cash and certificate of deposits, which are legally restricted. The restricted assets primarily are to be used for purposes specified under the Housing Choice Voucher or Family Self Sufficiency programs. The restricted assets also include debt service escrow accounts for certain tax increment loans. When restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources as they are needed.

Tenant Accounts Receivable Net of Bad Debt Expense

The State of Tennessee Comptroller's Office review of the 2004 audited financial statements cited that in accordance with Governmental Accounting Standards Board Statement No. 34, revenues in proprietary funds should be reported as net of all related allowances, which include amounts pertaining to uncollectible accounts. Therefore, the increase and decrease in the estimate of uncollectible accounts should be reported net of revenue instead of bad debt expense. The Agency's bad debt expense charged against revenue was \$492,296 for the year ended September 30, 2019.

METROPOLITAN DEVELOPMENT AND HOUSING AGENCY

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS

In accordance with GASB Statement No. 40 "Deposits and Investment Risk Disclosures," information related to cash, cash equivalents and investments is as follows:

A. Custodial Credit Risk

Custodial credit risk for deposits and investments is the risk that, in the event of failure by a financial institution, the Agency may not be able to recover the value of its deposits and investments or collateral securities that are in the possession of the financial institution. The policy of the Agency is to invest, on a daily basis, all idle funds in financial institutions that are secured by collateral of identifiable United States government securities. All cash and investments are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) or other equivalent insurance company of depository financial institutions. The deposits exceeding the insured or registered limits are collateralized with securities held by the Agency's financial institution. (See Deposit and Investment Policy on page 23.)

B. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of investments will adversely affect the fair value of an investment. The Agency's investment policy limits investments to provide the optimum return on the investment consistent with the cash management program of the Agency.

Investments are made based upon prevailing market conditions at the time of the transaction. The Agency reviews its cash and investment needs in order to maintain adequate liquidity to meet its cash flow needs. Investments will typically be limited to securities maturing in periods of up to one year, or such lesser period that coincides with expected disbursements by the Agency.

C. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Investments are made under the 'prudent investor' standard to ensure that (a) due diligence is exercised in accordance with State law, (b) any negative deviations are reported timely and (c) reasonable action is taken to control any adverse developments. The Agency's investment policy requires investments to be made in accordance with HUD Financial Handbook, 7475.1 Chapter 4.

D. Concentration of Credit Risk

The Agency's investment policy does not limit the amount it may invest with one financial institution as long as all funds are secured by the FDIC or identifiable United States government securities.

E. Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect fair value of an investment or a deposit. All of the Agency's deposits and investments are dominated in United States currency.

Deposit and Investment Policy

MDHA's deposit and investment policy is governed by the laws of the State of Tennessee and HUD guidelines. Permissible investments include direct obligations of the U.S. Government and Agency securities, certificates of deposit, savings accounts, repurchase agreements and the State of Tennessee Local Government Investment Pool.

Deposits in financial institutions are required by State statute to be secured and collateralized by the institutions. The collateral must meet certain requirements and must have a total minimum market value of 105% of the value of the deposits placed in the institutions, less the amount protected by federal depository insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its subdivisions. Collateral requirements are not applicable for financial institutions that participate in the State of Tennessee's bank collateral pool.

The amount of collateral required to secure these public deposits must be at least 105% of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect public fund accounts are pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each individual account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure in accordance with GASB Statement No. 40, Deposit and Investment Risk Disclosures.

NOTE 8 - CONDUIT DEBT OBLIGATIONS

Tax increment financing ("TIF") is a method of funding certain public investments for redevelopment by recapturing, for a time, all or a portion of the increased tax revenue that may result if private investment can be stimulated to occur. Tax increment can only be generated by the increased taxes resulting from private development on land in a redevelopment district that has been acquired and re-sold or leased by MDHA. The tax increment due to the difference in the tax basis is then diverted to the redevelopment agency which may use those funds to finance public purpose expenditures or to repay bonds or notes that were issued to finance those expenditures. These loans are special limited obligations of MDHA, payable solely from and secured by a pledge of the tax increment revenues designated for the payment of the loan. The loans do not constitute debt or a pledge of credit of MDHA or the Metropolitan Government and, accordingly, are not reported in the accompanying financial statements.

The Tax Increment Financing Loans, including related accrued interest payable, aggregated approximately \$135.2 million at September 30, 2019.

NOTE 9 - OTHER LONG-TERM LIABILITIES OTHER THAN DEBT

The activities of compensated absences and other noncurrent liabilities for MDHA consisted of the following at September 30, 2019:

	Balance at October 1, 2018	Additions	Adjustment/ Payments	Balance at September 30, 2019	Current portion
Compensated absences	\$ 2,306,806	\$ 1,429,433	\$ (1,431,371)	\$ 2,304,868	\$ 760,607
FSS escrow deposit	\$ 995,401	\$ 552,800	\$ (259,431)	\$ 1,288,770	\$ -

NOTE 10 - RISK MANAGEMENT

MDHA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. MDHA maintains commercial insurance covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to MDHA. During the year ended September 30, 2019, settled claims have not exceeded this commercial insurance coverage.

NOTE 11 - EMPLOYEE BENEFIT PLANS

The MDHA retirement plan is a 401A Plan administered by the Vanguard Group. The Plan, which is principally a defined contribution plan for employees who were participants in the MDHA Retirement Plan as of September 30, 2000. Based on an actuarial study performed as of July 1, 2013, the Agency had no required contribution due related to the defined benefit portion of the Plan. Employees are eligible to participate beginning the first day of the month following the date of hire. There are no required contributions by the participants; however, participants may make voluntary contributions from 0.5% to 10% of basic compensation and MDHA contributes 13% of participants' basic compensation. Contributions are invested in any of twenty-two funds as elected by the participant. Investment options and voluntary contributions may be changed daily.

Participants' voluntary contributions plus actual earnings are immediately vested. Participants are also immediately vested in 5.5% of the 13% of MDHA's contributions. Each year of participation in the Plan, participants vest at the rate of 20% of the remaining balance and become fully vested after 5 years.

Benefits are paid in the form of a cash distribution or various other annuity options at normal retirement date, age 65, death or disability. Participants may also elect to roll the vested portion of retirement savings into another qualifying plan or an IRA or leave the amount in the Plan. Early retirement may be elected by employees at age 55 who have at least ten years of service.

MDHA contributions to the Plan for the year ended September 30, 2019 amounted to \$2,108,169, which equaled the amount of required employer contributions. Employee voluntary contributions were \$235,051 in 2019. MDHA's payroll for employees covered by the Plan for the fiscal year ended September 30, 2019 was \$16,216,681. Total payroll for MDHA during the fiscal year ended September 30, 2019 amounted to \$17,240,412.

MDHA sponsors a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan permits all employees to defer a portion of salary until future years. Such amounts are not available to them until termination, retirement, death or unforeseeable emergency. No contributions are made to this Plan by MDHA.

METROPOLITAN DEVELOPMENT AND HOUSING AGENCY

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 12 - LEASES

MDHA leases certain office space and equipment under leases accounted for as operating leases. The minimum future rental commitments under these leases are not significant. Total lease expenditures made for the year ended September 30, 2019 were \$72,028.

In addition, rental income, other than rent directly related to low-income housing units, is received under various other short-term land and building leases accounted for as operating leases. These leases are either cancelable leases or the future minimum rentals under these leases are insignificant. Rental income from these sources totaled \$786,485 for the year ended September 30, 2019.

NOTE 13 - COMMITMENTS AND CONTINGENCIES

MDHA receives significant financial assistance from numerous federal, state and local governmental agencies in the form of grants and operating subsidies. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of MDHA. In the opinion of management, any such disallowed claims would not have a material effect on the financial position of MDHA at September 30, 2019.

At September 30, 2019, the Agency had outstanding construction commitments of approximately \$55.35 million. These outstanding commitments will be paid by equity generated by low-income housing tax credits, bank loans and other Agency reserve.

MDHA is a defendant in various lawsuits arising in the ordinary course of operations. Although the outcome of these lawsuits is not presently determinable, in the opinion of management and MDHA's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of MDHA. Accordingly, no provision for loss, if any, related to these matters has been made in the financial statements.

NOTE 14 - AFFILIATE AGREEMENTS

MDHA has also assisted in the financing of mixed income affordable and market rate residential housing in the form of loans to Preston Taylor Homes, LLC. Preston Taylor Homes Phase I consisted of the demolition of 300 units of housing on the north side of the Preston Taylor site and the new construction of 51 rental duplex and townhouse buildings comprising 182 units of rental housing. Of the 182 units, 170 shall be public housing units eligible to receive the benefits of operating subsidies provided to MDHA by HUD. The remaining 12 units shall be market units. Phase I of the project was completed in November 2002. Preston Taylor Homes Phase II consisted of the demolition of 250 units of housing and the new construction of 116 units, of which 104 are public housing units and 12 are market rate units. Phase II of the project was completed in October 2003. (See Note 6.)

The apartment project is managed by MDHA which receives a fee of 6% of the gross revenues of the Project with respect to the nonpublic housing units. A ninety-nine year ground lease has been executed with MDHA. Upon expiration of the agreement, Preston Taylor shall have an option to purchase the land for \$100, provided the development notes have been paid in full. (See Note 5.) As of January 1, 2019, Preston Taylor Homes LLC was dissolved and the property was returned to the Agency. As part of this transaction, the debt detailed above was forgiven.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 20 - FUTURE ACCOUNTING PRONOUNCEMENTS

In January 2017, the GASB issued statement No. 84, *Fiduciary Activities*. The provisions of this statement are effective for fiscal years beginning after December 15, 2018.

This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. Governments with activities meeting the criteria should present a statement of fiduciary net position and a statement of changes in fiduciary net position.

This Statement describes four fiduciary funds that should be reported, if applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. Custodial funds generally should report fiduciary activities that are not held in a trust or equivalent arrangement that meets specific criteria. This Statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources.

In June 2017, the GASB issued statement No. 87, *Leases*. The provisions of this statement are effective for fiscal years beginning after December 15, 2019.

This Statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

In April 2018, the GASB issued Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*. The provisions of this statement are effective for fiscal years beginning after June 15, 2018.

This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established.

This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses.

For notes to financial statements related to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

NOTE 20 - FUTURE ACCOUNTING PRONOUNCEMENTS (CONTINUED)

In June 2018, the GASB issued statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The provisions of this statement are effective for fiscal years beginning after December 15, 2019.

This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5-22 of Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

In August 2018, the GASB issued Statement No. 90, *Majority Equity Interests - A Amendment of GASB Statements No. 14 and 61*. The provisions of this statement are effective for fiscal years beginning after December 15, 2018.

This Statement defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should generally be measured using the equity method, unless certain specifications are met. For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method.

MDHA is currently evaluating the impact that will result from adopting these Standards and is therefore unable to disclose the impact that these Standards will have on the MDHA'S financial position and the results of its operations when the Statements are adopted.

OTHER REPORTS

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Board of Commissioners
Metropolitan Development and Housing Agency

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and aggregate discretely presented component units of Metropolitan Development and Housing Agency (the "Agency") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated March 5, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards* (Continued)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance

To the Board of Commissioners
Metropolitan Development and Housing Agency

We have audited the Metropolitan Development and Housing Agency's (the "Agency's") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Agency's major federal programs for the year ended September 30, 2019. The Agency's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Agency's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

Opinion on Each Major Federal Program

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2019.

**Independent Auditor's Report on Compliance for Each Major Federal Program and
Report on Internal Control over Compliance in Accordance with the Uniform Guidance (Continued)**

Report on Internal Control over Compliance

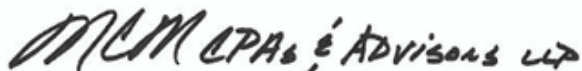

Management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2019-001, that we consider to be a significant deficiency.

The Agency's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The Agency's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION III - FEDERAL AWARDS

2019-001: Public and Indian Housing (CFDA No. 14.850)

Condition: During testing of tenant files we noted that the Agency's internal control procedures and practices allowed certain deficiencies in the tenant files to occur. We noted the following:

- 2 instances where 30-days notice was not given prior to a rent increase.
- 5 instances where income was not correctly calculated.
- 1 instance where the incorrect ceiling rent was utilized.
- 1 instance where the value of assets had not been updated for several years.
- 2 instances where the dependent allowance was incorrectly provided or was not supported by documentation.
- 1 instance where there was not a current Form 9886 Authorization for Release of Information in the file.
- 1 instance where the childcare allowance was not calculated correctly.

The Agency has been provided with a listing of individual tenants to whom these conditions applied.

Recommendation: The tenants associated with the files referred to above have since been converted from Public and Indian Housing units to the Section 8 Project Based Housing Assistance Payment Program (CFDA No. 14.195). We recommend that tenant files be reviewed to ensure that, upon conversion to the Housing Assistance Payment Program, files contain all appropriate documentation and income and rent are correctly calculated.

Management's Response: *All Public Housing Units were converted to RAD prior to the audit. We accept the recommendation of the auditors. Those files in question have been reviewed and necessary corrections have been made to ensure accuracy.*

Independent Accountant's Report on Applying Agreed-Upon Procedure

Board of Commissioners
Metropolitan Development and Housing Agency

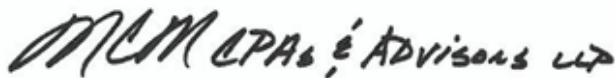

We have performed the procedure described in the second paragraph, which was agreed to by the Metropolitan Development and Housing Agency (the "Agency") and the U.S. Department of Housing and Urban Development, Real Estate Assessment Center ("REAC"), solely to assist them in determining whether the electronic submission of certain information agrees with related hard copy documents included within the Uniform Guidance reporting package. The Agency is responsible for the accuracy and completeness of the electronic submission. This agreed-upon procedure engagement was conducted in accordance with the attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagement contained in *Government Auditing Standards* issued by the Comptroller General of the United States. The sufficiency of the procedure is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

We compared the electronic submission of the items listed in the "UFRS Rule Information" column with the corresponding printed documents listed in the "Hard Copy Document(s)" column. The results of the performance of our agreed-upon procedure indicate agreement or non-agreement of electronically submitted information and hard copy documents as shown in the attached chart.

We were engaged to perform an audit in accordance with the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), for the Agency as of and for the year ended September 30, 2019, and have issued our reports thereon dated March 5, 2020. The information in the "Hard Copy Document(s)" column was included within the scope, or was a by-product of that audit. Further, our opinion on the fair presentation of the Agency's Financial Data Schedule (FDS) dated March 5, 2020, was expressed in relation to the basic financial statements of the Agency taken as a whole.

A copy of the financial statement package required by the Uniform Guidance, which includes the auditor's reports, is available in its entirety from the Agency. We have not performed any additional auditing procedures since the date of the aforementioned audit reports. Further, we take no responsibility for the security of the information transmitted electronically to the U.S. Department of Housing and Urban Development, REAC.

This report is intended solely for the information and use of the Agency and the U.S. Department of Housing and Urban Development, REAC, and is not intended to be and should not be used by anyone other than these specified parties.
