Bob:

Here are where my current interests have evolved with respect to our work and the recommendations/observations going forward:

1. Transparency recommendations and reporting.
2. The ability to periodically look at the redevelopment districts as to purpose, impact, etc.
3. Requesting that MDHA work with (a) Planning to consider and resolve overlap in responsibilities and processes and (b) Metro Finance to assist with tax projections, accounting, etc.
4. Establishing a program that would reduce or eliminate barriers in redevelopment districts where TIF is rarely considered and/or with smaller projects.

Appreciate you taking the lead on all of this.

Charles Robert
