INTRODUCTION

The Metropolitan Housing and Development Agency ("MDHA" or the "Agency") is pleased to present its Annual Financial Report and Other Financial Information for the year ended September 30, 2022.

Responsibility and Controls

MDHA has prepared and is responsible for the financial statements and related information included in this report. A system of internal accounting control is maintained to provide reasonable assurance that assets are safeguarded and that the books and records reflect only authorized transactions. Limitations exist in any system of internal control. However, based on recognition that the cost of the system should not exceed its benefits, management believes its system of internal accounting control maintains an appropriate cost/benefit relationship.

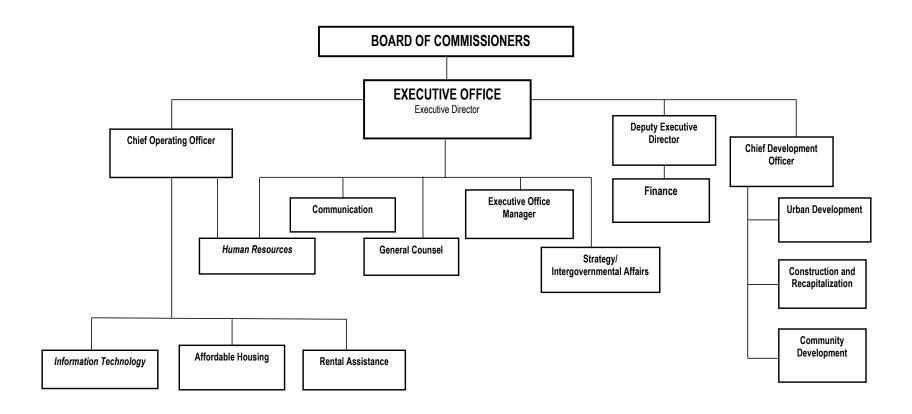

MDHA's system of internal accounting control is evaluated on an ongoing basis by internal financial staff. MCM CPAs & Advisors LLP, external auditors, also consider certain elements of the internal control system in order to determine auditing procedures for the purpose of expressing an opinion on the financial statements.

Management believes that its policies and procedures provide guidance and reasonable assurance that MDHA's operations are conducted according to management's intentions and to a high standard of business ethics. In management's opinion, the financial statements present fairly, in all material respects, the financial position of MDHA as of September 30, 2022, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Audit Assurance

The unmodified opinion of the independent external auditors, MCM CPAs & Advisors LLP, on the September 30, 2022, financial statements is included in this report.

Independent Auditor's Report on Financial Statements

Board of Commissioners Metropolitan Development and Housing Agency

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities, and the aggregate discretely presented component units of Metropolitan Development and Housing Agency (the "Agency"), a component unit of Metropolitan Government of Nashville and Davidson County, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, and the aggregate discretely presented component units of the Agency, as of September 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Levy Place LP, Ryman Lofts at Rolling Mill Hill, LP, Boscobel I, LP, CP II, LP, Victory Hall, LP, and Boscobel III, LP, which represent 81 percent, 99 percent, and 96 percent, respectively, of the assets, net position, and revenues of the total discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Levy Place LP, Ryman Lofts at Rolling Mill Hill, LP, Boscobel I, LP, CP II, LP, Victory Hall, LP and Boscobel III, LP, is based solely on the report of the other auditors.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audit contained in *Government Auditing Standards*, issued by the Comptroller general of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Agency, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report on Financial Statements (Continued)

Responsibilities of Management for the Financial Statements

The Agency's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of a Matter

As discussed in Note 20 to the financial statements beginning net position was restated. There was no impact on current year revenues or expenses as a result of this change. Our opinion is not modified with respect to this matter.

Independent Auditor's Report on Financial Statements (Continued)

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 7 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Agency's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations ("CFR") Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), is presented for purposes of additional analysis and is not a required part of the basic financial statements. In addition, the introductory material on pages 1 through 3 and the accompanying schedule of actual costs for the specified project on page 55 schedule of long-term debt by individual issue on page 56 and the financial data schedules on pages 64 through 67 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory material, Financial Data Schedules, Schedule of Expenditures of Federal Awards, schedule of actual costs for the specified project, and the schedule of changes in long-term debt by individual issue are the responsibility of management and were derived from and relate directly to underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

MCM CPAS & ADVISORS UP

In accordance with *Government Auditing Standards*, we have also issued our report dated March 10, 2023, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Metropolitan Development and Housing Agency's ("MDHA" or the "Agency") annual financial report presents management's discussion and analysis of the Agency's financial performance during the fiscal years ended September 30, 2022 and 2021. Please read this analysis in conjunction with the Agency's financial statements and accompanying notes.

OVERVIEW OF THE FINANCIAL STATEMENTS

The annual financial report consists of two parts: management's discussion and analysis and the basic financial statements. The Agency follows enterprise fund reporting; accordingly, the financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Enterprise fund statements offer short-term and long-term financial information about the activities and operations of the Agency. While detailed sub-fund information is not presented, separate accounts are maintained for each program of the Agency.

The financial statements include a statement of net position, statement of revenues, expenses and changes in net position, statement of cash flows and notes to the financial statements. The statement of net position provides a record or snapshot of the assets and liabilities at the close of the fiscal year. It presents the financial position of the Agency on a full accrual historical cost basis. The statement of revenues, expenses and changes in net position presents the results of the business activities over the course of the fiscal year. The statement of cash flows is related to the other financial statements by the way it links changes in assets and liabilities to the effects on cash and cash equivalents over the course of the fiscal year. The notes to the financial statements provide useful information regarding the Agency's significant accounting policies, significant account balances and activities, certain material risks, obligations, commitments, contingencies and subsequent events.

- Total assets increased \$40 million during the fiscal year. Current and other assets increased \$46.6 million. The increase in current assets was due to an increase of \$32 million in cash and investments. Proceeds from the sale of land at Rolling Mill Hill totaled \$15.8 million, lease ownership transfer fees and final payment of the Martha O'Bryan Center fundraising note totaled \$4.9 million, rental assistance funds received from the Metro Action Commission totaled \$5 million, with an additional \$5.5 million received from the Boscobel III investor partner. Capital assets decreased \$6.5 million due to continued construction projects and improvements during the year offset by the land sale and depreciation expense for the year.
- Total liabilities decreased \$8.6 million during the fiscal year. This decrease is primarily due to the \$10.7 million payoff of the Bus Barns Garage construction financing offset by normal fluctuations in the accounts payable and accrued liabilities balances resulting in a \$2.1 million increase in those accounts.
- The reporting of deferred inflows of resources in 2022 totaling \$11.7 million, is due to the implementation of GASB 87, Leases and explained in note 2 and 12.

A \$500,000 increase in electricity and gas rates along with increased consumption for new units completed during the year. Insurance premiums increased \$300,000 due to new units added and increased replacement values for the Agency. Maintenance expense decreased \$2.2 million due to cost returning to normal levels after completing the backlog of workorders and repairs during 2021 due to items deferred during COVID and staff vacancies during the year.

Nonoperating revenues (expenses) increased \$13.7 primarily due to the gain realized on the sale of the land at Rolling Mill Hill and the capital fund grant funds allocated to the Randee Rogers construction.

The Agency recorded lease receivables totaling \$12 million and deferred inflow of resources totaling \$11.7 million. Balances shown for the 2021 fiscal year in the MD&A have not been restated. NOTES TO FINANCIAL STATEMENTS

NOTE 1 - NATURE OF THE AGENCY

The Metropolitan Development and Housing Agency of Nashville, Tennessee ("MDHA" or the "Agency"), a public corporate body, was organized in 1938 under the laws of the State of Tennessee and is a discretely presented component unit of the Metropolitan Government of Nashville and Davidson County (the "Metropolitan Government"). The Agency was created for the purpose of providing affordable housing opportunities in a safe environment. MDHA has administrative responsibility for various other community development programs whose primary purpose is the development of viable urban communities.

The governing body of the Agency is its Board of Commissioners, composed of seven members appointed by the Mayor and confirmed by the Metropolitan Council of Nashville and Davidson County, Tennessee.

See additional information in NOTE 2 for reporting entity regarding both the primary government and discretely presented component units.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Measurement Focus, Basis of Accounting and Basis of Presentation

The financial statements are presented using the accrual basis of accounting with an economic resource measurement focus. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. As permitted by accounting principles generally accepted in the United States of America ("GAAP"), the Agency has elected to apply all relevant Government Accounting Standards Board ("GASB") pronouncements.

The Agency distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from grant agreements, providing services, and producing and delivering goods in connection with the ongoing principal operations. The principal operating revenues of the Agency include program specific grants, rental income from tenants of the various single and multi-family housing projects and development fees for the administration of various community development programs and capital projects of the Metropolitan Government. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Reporting Entity

As described in GASB Statement No. 34, paragraph 134, the Agency is considered a primary government and meets the definition of a special purpose government ("SPG"). MDHA is a legally separate entity that is engaged in only business-type activities. Business-type activities are defined as activities that are financed in whole or in part by fees charged to external parties for goods or services. SPGs engaged only in business-type activities are required to present only the financial statements required for proprietary programs, which includes Management's Discussion and Analysis ("MD&A"), basic financial statements, and Required Supplemental Information ("RSI"). All inter-program activities have been eliminated in these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reporting Entity (Continued)

The Agency has included, as discretely presented component units, the activity for Levy Place, L.P., Ryman Lofts at Rolling Mill Hill, L.P., Boscobel I, L.P., CP II, L.P., Victory Hall, L.P., and Boscobel III, L.P. as of and for the year ended December 31, 2021. These entities are shown as discretely presented component units because the Agency is financially accountable for them; however, it does not have full ownership over the entities. The Agency has included the activity for Randee Rogers, L.P. as of September 30, 2022. This entity also meets the criteria to be included as discretely presented component units; however, construction on the property was not complete and the property was not yet subject to a separate audit requirement for the year ending December 31, 2021. The MDHA Housing Trust Corporation, which is included in the Primary Government as a blended component unit, has a 0.01% general partner interest in Ryman Lofts, Levy Place, Boscobel I, CP II, and Victory Hall, and is considered a blended component unit. Total assets and net position of MDHA Housing Trust Corporation were \$146,590 and \$139,645, respectively, as of September 30, 2022. Net operating income for the year ended September 30, 2022 totaled \$24,878. The accounting for these component units are such that they have elected to apply all relevant Accounting Standard Codification ("ASC") pronouncements as issued by the Financial Accounting Standards Board.

Requests for the full financial information of Levy Place, L.P., Ryman Lofts at Rolling Mill Hill, L.P., Boscobel I, L.P., CP II, L.P., Victory Hall, L.P., and Boscobel III, L.P. (the Discretely Presented Component Units) as of December 31, 2021 should be addressed to The Metropolitan Development and Housing Agency, 701 South Sixth Street, Nashville, Tennessee, 37206.

The financial activity of MDHA J. Henry Hale, LLC, MDHA 10th & Jefferson, LLC, MDHA Madison Towers, LLC and MDHA Kirkpatrick Park LLC has been included in the Primary Government column of Statement of Net Position and the Statement of Activities as blended component units in accordance with the requirements of GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*. The accounting for these component units are such that they have elected to apply all relevant Accounting Standard Codification ("ASC") pronouncements as issued by the Financial Accounting Standards Board.

Proprietary Program Types - The Programs are Consolidated into a Single column for Reporting Purposes

PROJECT BASED RENTAL ASSISTANCE PROGRAM

This program is used to account for all Agency owned RAD converted properties and any mixed finance public housing properties (which are not owned by the Agency.) It is the largest and most active of the funds and is controlled through annual HAP contracts renewed by HUD.

CENTRAL OFFICE COST CENTER

This program contains all the income and expenses associated with the Agency's centralized functions (e.g. executive, finance, human resources, information technology, purchasing, central maintenance, etc.). The establishment of the program was required by HUD regulations relating to asset management.

SECTION 8 VOUCHER PROGRAM

This program is used to account for the administration of the Agency's Section 8 voucher program. It is funded by HUD and seeks to provide prospective residents with greater choice in selection of assisted housing.

CONSOLIDATED ANNUAL ACTION PLAN PROGRAMS

This program has been created to account for the administration of programs funded by HUD. The goals of these programs are to address the problems of affordable housing, homelessness, community development needs, and economic opportunities for all citizens, particularly for very low-income and low-income persons.

Proprietary Program Types - The Funds are Consolidated into a Single column for Reporting Purposes (Continued)

LOCAL PROGRAMS

This program accounts for the state funded programs and grants and programs administered on behalf of the local government by the Agency.

BUSINESS ACTIVITIES

This program accounts for all programs that are neither federal, state nor local that are administered by the Agency.

Cash and Cash Equivalents

The Agency's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents are stated at fair value.

Allowance for Doubtful Accounts

The Agency uses the allowance for bad debts method of valuing doubtful receivables which is based on historical experience, coupled with a review of the status of existing receivables. As of September 30, 2022, an allowance for doubtful tenant receivables in the amount of \$6,617,213 has been provided by management.

Investments

Investments consist primarily of certificates of deposit and are stated at cost, which approximates fair value given the nature of the investments.

Lease Receivable and Deferred Inflow of Leases

During fiscal year 2022, the Agency, as a lessor, changed its method of accounting for leases to comply with GASB Statement No. 87, *Leases*. Previously, the Agency treated all leases as operating leases. The Agency now recognizes a lease receivable and a deferred inflow of resources at commencement of the lease term, with certain exceptions for regulated leases and short-term leases. The lease receivable is measured at the present value of the lease payments expected to be received during the lease period. The deferred inflow of resources is measured as the value of the lease receivable in addition to any payments received at or before the commencement of the lease term that relate to future periods. Revenue from the included leases is recognized by amortizing the deferred inflow on a straight-line basis. The Agency recorded a lease receivable and deferred inflow of resources of equal amount upon implementation of the standard utilizing the facts and circumstances that existed at that date. Therefore, the Agency's financial position as of September 30, 2021 was not impacted by the implementation of the standard. See Note 12 to the financial statements for additional information.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets include property, plant, equipment, and infrastructure assets with an initial, individual cost of more than \$5,000 and an estimated useful life of one year or more. Capital assets are stated at cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. The costs of U.S. Department of Housing and Urban Development ("HUD") "Capital Fund" projects are reported as construction-in-progress until audited cost certification reports are approved by HUD, at which time such costs are transferred to appropriate fixed assets categories. Depreciation is provided by the straight-line method over the following estimated useful lives of the assets:

Building and improvements 10 to 40 years Infrastructure 10 to 40 years Furniture and Equipment 3 to 15 years

Additionally, the Agency holds certain capital assets under agreements with the Metropolitan Government. Under the agreements, the proceeds from the sale of such assets revert to the Metropolitan Government. As of September 30, 2022, the value of these assets totaled \$21,500,000. The assets are recorded in capital assets at fair value at the date of transfer.

Inventory

MDHA's inventory consists of vacant properties that have been purchased or received as contributions from the Metropolitan Government. Inventory also includes single-family homes that were constructed with federal or state funds and are available for sale to qualified agencies or individuals. Properties purchased or constructed are reported at historical cost. Properties contributed by the Metropolitan Government are recorded at fair value at the date of gift. These costs are reported as inventory until such time as the property is sold or used.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Provision for Uncollectible Notes

A note receivable is considered impaired when, based on current information, it is probable that all amounts of principal and interest due will not be collected according to the terms of the note agreement. Uncollectible notes are charged to the allowance account in the period such determination is made. The provision for uncollectible notes receivable was \$15,895,209 at September 30, 2022.

Compensated Absences

Most employees earn annual leave at a rate ranging from 12 days per year for the first five years of service, up to a maximum of 25½ days per year after 20 years. There is no requirement that annual leave be taken; however, the maximum permissible accumulation is 76½ days. Sick leave is accumulated at the rate of one work day per month. Unused sick leave may accumulate to an unlimited amount. At termination, employees are paid for any accumulated annual leave, and employees who have completed 15 years or more of service will be paid 20% of unused sick leave. All annual leave and vested sick leave are accrued in the period incurred.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Restricted Assets

Restricted assets consist of cash and certificate of deposits, which are legally restricted. The restricted assets primarily are to be used for purposes specified under the Housing Choice Voucher, Family Self Sufficiency or Project Based Rental Assistance programs. When restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources as they are needed.

Tenant Accounts Receivable Net of Bad Debt Expense

The State of Tennessee Comptroller's Office review of the 2004 audited financial statements cited that in accordance with Governmental Accounting Standards Board Statement No. 34, revenues in proprietary funds should be reported as net of all related allowances, which include amounts pertaining to uncollectible accounts. Therefore, the increase and decrease in the estimate of uncollectible accounts should be reported net of revenue instead of bad debt expense. The Agency's bad debt expense charged against revenue was \$474,697 for the year ended September 30, 2022.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS

In accordance with GASB Statement No. 40 "Deposits and Investment Risk Disclosures," information related to cash, cash equivalents and investments is as follows:

A. Custodial Credit Risk

Custodial credit risk for deposits and investments is the risk that, in the event of failure by a financial institution, the Agency may not be able to recover the value of its deposits and investments or collateral securities that are in the possession of the financial institution. The policy of the Agency is to invest, on a daily basis, all idle funds in financial institutions that are secured by collateral of identifiable United States government securities. All cash and investments are insured up to \$250,000 by the Federal Deposit Insurance Corporation ("FDIC") or other equivalent insurance company of depository financial institutions. The deposits exceeding the insured or registered limits are collateralized with securities held by the Agency's financial institution. (See Deposit and Investment Policy on page 24.)

B. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of investments will adversely affect the fair value of an investment. The Agency's investment policy limits investments to provide the optimum return on the investment consistent with the cash management program of the Agency.

Investments are made based upon prevailing market conditions at the time of the transaction. The Agency reviews its cash and investment needs in order to maintain adequate liquidity to meet its cash flow needs. Investments will typically be limited to securities maturing in periods of up to one year, or such lesser period that coincides with expected disbursements by the Agency.

C. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Investments are made under the 'prudent investor' standard to ensure that (a) due diligence is exercised in accordance with State law, (b) any negative deviations are reported timely and (c) reasonable action is taken to control any adverse developments. The Agency's investment policy requires investments to be made in accordance with the laws of the State of Tennessee and HUD guidelines.

D. Concentration of Credit Risk

The Agency's investment policy does not limit the amount it may invest with one financial institution as long as all funds are secured by the FDIC or identifiable United States government securities.

E. Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect fair value of an investment or a deposit. All of the Agency's deposits and investments are denominated in United States currency.

MDHA's deposit and investment policy is governed by the laws of the State of Tennessee and HUD guidelines. Permissible investments include direct obligations of the U.S. Government and Agency securities, certificates of deposit, savings accounts, repurchase agreements and the State of Tennessee Local Government Investment Pool.

Deposits in financial institutions are required by State statute to be secured and collateralized by the institutions. The collateral must meet certain requirements and must have a total minimum market value of 105% of the value of the deposits placed in the institutions, less the amount protected by federal depository insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its subdivisions. Collateral requirements are not applicable for financial institutions that participate in the State of Tennessee's bank collateral pool.

The amount of collateral required to secure these public deposits must be at least 105% of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect public fund accounts are pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each individual account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure in accordance with GASB Statement No. 40, Deposit and Investment Risk Disclosures.

NOTE 8 - CONDUIT DEBT OBLIGATIONS

Tax increment financing ("TIF") is a method of funding certain public investments for redevelopment by recapturing, for a time, all or a portion of the increased tax revenue that may result if private investment can be stimulated to occur. Tax increment can only be generated by the increased taxes resulting from private development on land in a redevelopment district that has been acquired and re-sold or leased by MDHA. The tax increment due to the difference in the tax basis is then diverted to the redevelopment agency which may use those funds to finance public purpose expenditures or to repay bonds or notes that were issued to finance those expenditures. These loans are special limited obligations of MDHA, payable solely from and secured by a pledge of the tax increment revenues designated for the payment of the loan. The loans do not constitute debt or a pledge of credit of MDHA or the Metropolitan Government and, accordingly, are not reported in the accompanying financial statements.

The Tax Increment Financing Loans, including related accrued interest payable, aggregated approximately \$122.8 million at September 30, 2022.

NOTE 13 - COMMITMENTS AND CONTINGENCIES

MDHA receives significant financial assistance from numerous federal, state and local governmental agencies in the form of grants and operating subsidies. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of MDHA. In the opinion of management, any such disallowed claims would not have a material effect on the financial position of MDHA at September 30, 2022.

At September 30, 2022, the Agency had outstanding construction commitments of approximately \$33.1 million. These outstanding commitments will be paid by equity generated by low-income housing tax credits, bank loans and other Agency reserve.

MDHA is a defendant in various lawsuits arising in the ordinary course of operations. Although the outcome of these lawsuits is not presently determinable, in the opinion of management and MDHA's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of MDHA. Accordingly, no provision for loss, if any, related to these matters has been made in the financial statements.

NOTE 19 - FUTURE ACCOUNTING PRONOUNCEMENTS

GASB Statement No. 96 - Subscription-Based Information Technology Arrangements, was issued in May 2020. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements ("SBITAs") for governments. This Statement defines an SBITA, establishes that a SBITA results in a right-to-use subscription intangible asset and a corresponding subscription liability, provides the capitalization criteria for outlays other than subscription payments and requires note disclosures regarding an SBITA. The standards for SBITAs are based on the standards established in Statement No. 87 - Leases. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022.

GASB Statement No. 101 - Compensated Absences, was issued in June 2022. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. This Statement requires that liabilities for compensated absences be recognized for leave that has not been used and leave that has been used but not yet paid in cash or settled through noncash means. The requirements of this Statement are effective for fiscal years beginning after December 31, 2023.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Commissioners Metropolitan Development and Housing Agency

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the business-type activities and the aggregate discretely presented component units, of the Metropolitan Development and Housing Agency (the "Agency") as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated March 10, 2023. Our report includes a reference to other auditors who audited the financial statements of Levy Place, LP, Ryman Lofts at Rolling Mill Hill, LP, Boscobel I, LP, CP II, LP, Victory Hall, LP, and Boscobel III, LP ("Discretely Presented Component Units"), as described in our report on the Agency's financial statements. The financial statements of Ryman Lofts at Rolling Mill Hill, LP, Boscobel I, LP, CPA II LP, Victory Hall, LP and Boscobel III, LP were not audited in accordance with *Government Auditing Standards*.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

MCM CPAS & ADVISORS LA

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance

To the Board of Commissioners Metropolitan Development and Housing Agency

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Metropolitan Development and Housing Agency's (the "Agency's") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Agency's major federal programs for the year ended September 30, 2022. The Agency's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("Government Auditing Standards"); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Agency and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Agency's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Agency's federal programs.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance (Continued)

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Agency's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Agency's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Agency's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Agency's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
