## Disasters:

### Declaration Number

FEMA-1909-TN

## Narratives

### Disaster Damage:

Repair/rehabilitation of owner-occupied homes

Financial assistance in the form of a loan or grant was made available to owner/occupants for the repair of flood-damaged homes. Initial demand for this program was high, and over 500 households have been assisted through CDBG-DR funds (nearly half of the funding benefitting low/moderate-income households (LMI) at  $\leq 80\%$  AMI) as well as reprogrammed CDBG and HOME entitlement funds, which were limited to LMI households. No applications for assistance have been submitted in recent months, and only a few cases remain open. The budget is increased by \$30,493.30 to close out remaining cases.

New Construction (Replacement Housing) - Multi-family Homes

A significant portion of Nashville's workforce housing stock was impacted by the flood, and many homes were not replaced or residents chose to relocate outside of areas prone to flooding. To replenish the housing stock, offer more housing choices, and encourage revitalization of a targeted corridor as contemplated in the Long Term Recovery Plan, CDBG Disaster Recovery Funds will provide assistance for the development of rental or for sale multi-family homes.

As stated in Amendment Three, MDHA identified property along Jefferson Street for the development of 35 units. However, the sale did not materialize. As explained in Amendment Four, MDHA subsequently identified a development opportunity in the Bordeaux area, which was significantly impacted by the flood. At least 83 homes in the area were on the buyout list.

Therefore, Amendment Four expanded the geographic scope of this activity beyond a targeted corridor to Bordeaux as well as other study areas in the Long Term Recovery Plan and increased the budget by \$187,115.26.

Since Amendment Four was approved, MDHA created a redevelopment district in Bordeaux to facilitate redevelopment and is proceeding with the development of 40 new workforce (for households with incomes up to 120% AMI), rental housing units. Grant funds totaling \$673,542.95 are reallocated from other completed projects to this activity to be used to construct new multi-family rental housing in Bordeaux.

### Recovery Needs:

As activities described in prior CDBG-DR Action Plans, as amended, are completed, remaining funds need to be reprogrammed to existing activities still underway to fully utilize these funds. MDHA has prepared for submittal to the U.S. Department of Housing and Urban Development (HUD) Amendment Five and Technical Corrections to the Nashville-Davidson County CDBG-DR Action Plan. Amendment Five proposes the reallocation of CDBG-DR funds in the amount of \$703,464.13 from planning, infrastructure, and recovery projects to housing activities as specified below. In addition, Technical Corrections in the amount of \$89,341.49 are required to reconcile final activity budgets at project completion; these Technical Corrections redistribute funds to activities within the same project category.

### Public Comment:

The Metropolitan Government and MDHA support and encourage citizen participation in the development of the Disaster Recovery Action Plan and related amendments. Many of the concerns expressed by citizens participating in the long-term recovery planning process have been incorporated into this Plan, as amended. The Citizen Participation Process complies with the requirements published in the Notice of allocations, waivers, and alternative requirements [Federal Register, Volume 75, Number 217, Docket Number FR-5452-N-01, effective November 15, 2010].

The Public Notice advertising the availability of the draft Plan and opportunities for public comment was published in The Tennessean, posted on MDHA's website, and emailed to stakeholders. The public comment period began on December 12, 2017 and ended on January 4, 2018. A public hearing was held on December 21, 2017, at 5:30 p.m., at the Bordeaux Library. No comments were received. Following the conclusion of the public comment period, Amendment Five and Technical Corrections was approved by the MDHA Board of Commissioners and the Metropolitan Council.

**Activity Description:**

One of the high-priority recommendations from prior Riverfront plans and the more recent South of Broadway Strategic Master Plan is the development of the downtown West Riverfront and, particularly, the repurposing of the 12 acre former Thermal Transfer site. City officials reevaluated potential uses following the May 2012 flood's impact on the west river bank, which was inundated. The West Riverfront Master Plan creates a vision for the development of the West Riverfront in light of these circumstances. The Master Plan transforms the West Riverfront into a civic open space that includes a promenade that serves as a flood wall, event space, lawns and plazas, piers, a greenway and related improvements. CDBG Disaster Recovery funds will be used for the preparation of design and construction documents for the West Riverfront to implement projects identified in the West Riverfront Master Plan.
