

Weatherization Assistance Program

Apply today for a free full energy audit through MDHA's Weatherization Assistance Program.

A safer, healthier, more comfortable home could be yours.

You may also save money on expenses such as heating and cooling bills.

A grant funded by the U.S. Department of Energy, MDHA's Weatherization Assistance Program increases the energy efficiency of homes owned or occupied by qualifying Davidson County residents.

Common Projects Include:

Attic Insulation

Floor Insulation

Wall Insulation

HVAC Replacement

Frequently Asked Questions:

Q.: How much will this cost me?

A.: Work done through the Weatherization Assistance Program is free of charge for qualifying Davidson County residents.

Q.: How long does the selection and construction process take?

A.: After your application is completed and approved, the turnaround time can be two to three months depending on the scope of work.

Q.: Who performs the work?

A.: Licensed and approved contractors perform the scope of work deemed appropriate for your home. Certified auditors will evaluate your home before and after work is completed.
